

Actuarial Professionals – Australia & Hong Kong Associate Actuaries & Actuarial Consultants

- Based in Melbourne, Sydney and Hong Kong

- Annual Package: Negotiable based on qualification and experience

ERLMS Limited is a professional management consulting firm specialising in providing Organisational & Human Resource Management Consulting, IT System Development & Solution and Executive Search services to companies worldwide.

Our client, a global Financial and Insurance company, is seeking a number of Associate Actuaries and Actuarial Consultants to be based in its offices in Melbourne, Sydney and Hong Kong.

As an experienced actuarial professional, your primary roles include:

- Work closely with several senior Regional Actuaries to provide Senior Executive Managers with the technical support and specialist financial instruments, valuation and quantitative modelling information required to understand and deal with risk and risk management in the business.
- Assist senior actuaries in Prophet Model development, implementation and management in the region.
- Prepare financial analysis and reporting; perform quarterly technical review to ensure proper application of actuarial and accounting standards in financial reporting.
- Review financial models for pricing, valuation, compensation changes and other initiatives.
- Provide technical support to a variety of key initiatives in the Asia-Pacific region, including business planning, actuarial economic value, asset and liability management and risk management.
- Prepare for changes and implementation of new regulatory requirements.
- Compliance with internal and external requirements as related to corporate actuarial management.

KEY SKILL AND ATTRIBUTE REQUIREMENTS

- Excellent financial modelling and programming skills; experience in Prophet modelling for Insurance Product Development & Pricing preferred.
- Knowledge of financial reporting standards.
- Strong understanding of life insurance actuarial concepts.
- Strong background in risk management within a financial and insurance service environment.
- Able to work in a dynamic work environment and demonstrate as a good team player.
- Strong interpersonal, planning, organising, analytical and problem solving skills.
- Good command of written and spoken English and Chinese language preferred for positions based in Hong Kong.

WORK EXPERIENCE AND QUALIFICATION

- University degree with a major in Actuarial, Finance, Mathematical or Statistics discipline.
- AIAA or FIAA qualification preferred and be able to manage projects as required.
- Must have passed at least 4 SOA exams or equivalent.
- 4 to 7 years of actuarial experience in a financial and insurance company or a consulting firm.

The Hiring Company would like to have people on board as soon as possible. Interested candidates, please send in your application immediately.

To apply, please email your detailed resume to ERLMS Limited on executivesearch@erlms.com. Please also indicate in the resume your current and expected salary packages.
